Press Release

European Project DECA: *“Dual Career of our Athletes in Professional Basketball and Vocational Training is successfully on-going in Bremen”*

Young elite basketball players have been established in Bremen, in terms of **Dual Career of Athletes in Professional Basket and Vocational Training – DECA** Project and have been integrated in Premiere Basketball League, while joining simultaneously Vocational Training and Education.

Arnau Triginer, is an ambitious basketball player from Barcelona, who joins successfully the project, since 2016. Arnau plays Basketball in Gernam Basketball League, he has received education on German Language, while on the same time he associates in some schools as trainer and is being occupied in an office job, from which he gains valuable professional experience.

Klavs Krastins, has been also integrated in Gernam Basketball League and joins DECA Project. He is an exceptional and good prospect athlete, coming from Riga of Latvia and plays basketball, since the age of sixteen. Klavs now is playing in two basketball teams and states very satisfied with his professional training and education in German Language.

Talent Scouters of DECA Project are in a contentious searching of new talented athletes who wish to join a Dual Career in Bremen, in order to engage as many athletes as it can in the project.

More information regarding the progress of DECA Project and the progress of Dual Career of our athletes you can seek by following us at DECA's Official Website <http://decaproject.eu/> and Official Pages in Social Media.
